

1. PRODUCT SUMMARY

Primex cable ties are made of durable nylon and provide secure and long-lasting cable management.

Available in three sizes and two colours, these zip-style ties offer between 80 and 220N tensile strength and are ideal for organizing Cat5e/Cat6 cabling.

Pair with Primex enclosures for efficient cable management of all home networking cabling.

2. PRODUCT DIMENSIONS

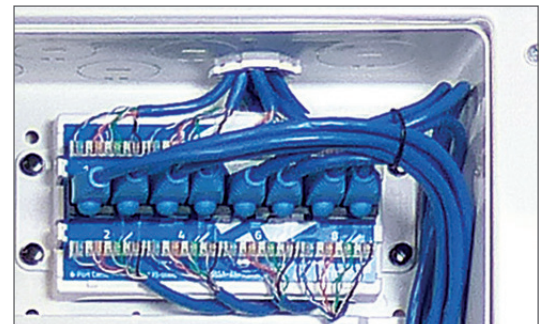

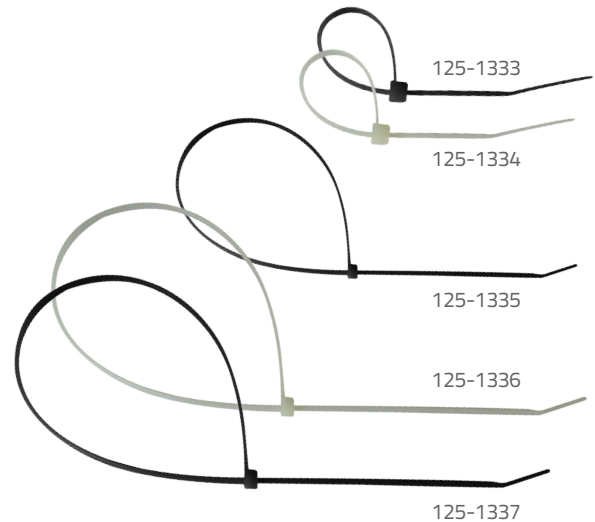

Sizes: 4", 8", 11" lengths

3. FEATURES & BENEFITS

- UL-approved Nylon 66, 94V-2 provides secure, long-lasting cable restraint.
- 3 sizes, 2 colours for a range of cable groupings and applications.
- Zip-style fastener for quick and easy application.
- Operating temperature -40°C to 85°C maintains strength in all conditions.
- Installation temperature at 0°C min

4. CONFIGURATIONS

Part #	Description
125-1333	Cable Tie, 4", Black, 50/bag
125-1334	Cable Tie, 4", Natural, 50/bag
125-1335	Cable Tie, 8", Black, 50/bag
125-1336	Cable Tie, 11", Natural, 50/bag
125-1337	Cable Tie, 11", Black, 50/bag

Cable ties can be used to secure cabling in your MDE.

Part #	Dimensions	Bundle Dia.	Loop Tensile
125-1333	4 x 3/32"	3~20mm	80N (18lbf)
125-1334	4 x 3/32"	3~20mm	80N (18lbf)
125-1335	8 x 1/8"	4~50mm	180N (40lbf)
125-1336	11 x 3/16"	7~70mm	220N (50lbf)
125-1337	11 x 3/16"	7~70mm	220N (50lbf)
