

# PRIMEX

## Product Specification Sheet

PRODUCT MODEL CODE **RFoG Mounting System**  
Limit RFoG access within an enclosure

### 1. SUMMARY

The Primex Verge RFoG (ONU) Mounting System is a compact, secure solution for protecting the RFoG component within a Primex enclosure.

Designed to fit industry-standard RFoG's, the snap lid and screws safely limit access to fiber and coax connections while storing fiber splices and slack.

### 2. DIMENSIONS

Outside: H 7" / W 7.7" / D 2.56"

### 3. FEATURES & BENEFITS

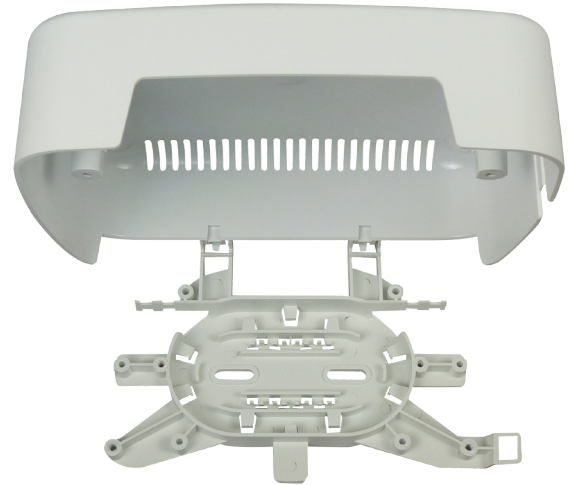

- Mounts/manages RFoG (ONU) securely within the enclosure to limit access of end-user.
- Universal mount and cover fits industry standard RFoG (ONU) installation.
- Splice holder and slack storage manages fiber and protects bend radius.
- Snap lid and screws safely and securely limits end user access to cables and connectors.
- Passive venting reduces heat buildup.
- Cable tie downs manage incoming/outgoing cabling.
- Self-supporting hinges hold the cover sturdy at 110° while you work.
- Universal hole mounting pattern for industry compatibility.

### 4. APPLICATIONS

- FTTH for single family units
- FTTx for small businesses
- Brownfield and greenfield MDUs

### 5. CONFIGURATIONS

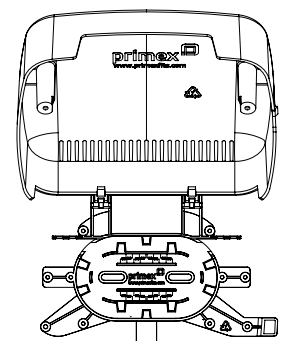

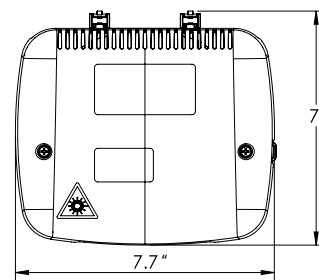

Part #	Description
