PRODUCT
MODEL CODE

P1500FCC

FTTx Cross-Connect OSP Enclosure

1. SUMMARY

The Primex Wave P1500FCC is a large 24 fiber cross connect enclosure ideal for FTTH Multi Dwelling Unit (MDU) or business applications.

It offers quick and secure fiber connection and management with the included fiber adapters and bend-protected slack storage.

Includes snap lock and hex bolt for secure access.

2. DIMENSIONS

Inside: H 13.9" / W 10.2" / D 3.3"

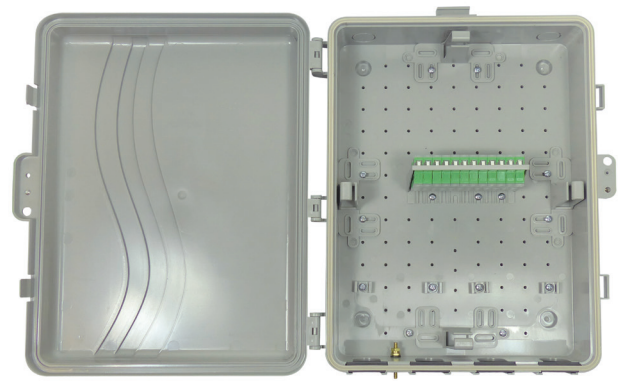

Outside: H 16.6" / W 13" / D 4.1"

3. FEATURES & BENEFITS

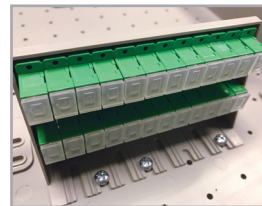

- Large cavity with included SC/APC fiber adapters provides simple transition point for 24-fiber applications.
- Primex Hurricane Clips and cradles offer secure, robust fiber management.
- Snap lock and hex bolt provides secure service provider access 24/7.
- High quality UV-protected PVC made in North America for long-lasting fiber protection in demanding weather conditions.
- Four robust one-inch ports with rubber grommets for protected fiber entry and exit.
- Internal mounting bosses that allow for quick and easy deployment.
- UL-listed and industry-standardized for easy implementation.

4. APPLICATIONS

- FTTH for multi family units
- FTTB for businesses
